Dear Mr./Ms Harshavardhan Rajendra Patil

Internship ID: IBMUEDA0218

Date: 22/08/2026

Congratulations on being selected for the **6-week Virtual IBM SkillsBuild Data Analytics with AI Internship 2026**, offered in collaboration with **AICTE**. We are pleased to welcome you to this industry-focused internship designed to build foundational knowledge in **Data Science and Data Analytics**, strengthened through hands-on exposure to industry-relevant AI tools. Ability to **analyze data, build predictive models, and leverage AI-driven insights** using **statistical techniques and machine learning algorithms**, and the confidence to **apply AI concepts to real-world projects and develop future-ready intelligent solutions**.

This internship features a curated learning experience with hands-on training, guided mentorship, expert-led masterclasses, and real-world project development aligned with the **UN Sustainable Development Goals (UN SDGs)**. Upon successful completion of all requirements, you will receive an **Official Internship Completion Certificate**.

The internship is scheduled from **17 Aug 2026 to 30 Sept 2026**.

Key Benefits of the Internship

- Access to the Digital Learning Platform with **85,000+ curated industry-relevant courses** on emerging technologies.
- A project-based, collaborative learning environment for enhanced practical understanding.
- Expert-led masterclasses conducted by Subject Matter Experts (SMEs).
- Opportunity to work on **real-world projects** demonstrating practical capabilities.
- Earn **industry-recognized certifications** from AICTE and BharatCares to strengthen your professional profile.

This internship will help you build capabilities in **data analytics, predictive modeling, AI tools, problem-solving, and critical thinking**, preparing you for roles in **data analytics, business intelligence, AI integration, and emerging technology domains.**
